

Clean Your Room

Step 1: Group the Stuff

It's time for a treasure hunt! Set out to find all the matching items, and create a big pile for each one. Sort your clothes, books, toys, then trash. In this step, just focus on creating piles and sorting your belongings that need to be put away.

Step 2: Put Away Items by Group

Now, focus all your energy on putting away each of the piles where they go. Carry books in small piles and put them away on the bookshelf. Toys go into the toy bins. Dirty laundry goes into the laundry basket or to the laundry room. Finally, throw away all the trash. Bring a grocery bag or full-sized trash bag to easily dispose of any collected trash.

Step 3: Make the Bed

Give a nice finished look to your bedroom by making the bed. Stack your pillows at the head of the bed, the pull up the covers and smooth out the wrinkles.

Step 4: Final Check

You're almost done! Now, quickly look around the room: under the bed, on top of dressers, in the closet to make sure everything is put away and tidy.
